

We would like to introduce to you our most innovative product to date, Crystal Flare; are embedded with our superior quality crystal sheets that are self-adhesive, and could be bent. Each single crystal sheet produced with passion, is easily sealed to produce sparkles that never die lighting up whatever surface to be used in. They come in any color, shape or size you can possibly dream. The high quality crystal sheets guarantee an eternal sparkle that never fades or lessens with time, it is extra clear, giving not only an attractive appearance but also guaranteeing a higher light transmittance creating a sparkling lit atmosphere on any surface making you think you are living in a dream.
